

FAITH IN THE FUTURE

We would like to represent our company (

In a brief - Our main object of activity

cosmetics and household cleaning products which have very wide applicability in the commercial markets not in our country only and on the markets in Europe.

- Herein we would not like to put an accent on our trade experience while on the fact that our company has rich experience in the sphere of humanitarian aids including the procurement of a variety of products of essentials such as shampoos, dish cleaners, washing powders, toothpastes, shaving creams, tooth brushes etc.

- Also we make packaging of humanitarian and food aids in particularly separate for this purpose storage areas. We have the capacity to produce 3 000 hygiene kits per day and 5 000 food kits per day.

We offer:

- Well performing products at excellent prices.
- Consistent and stable quality produced as per agreement.
Possibilities for customized packages and new formulation development.
- Excellent customers service and long term partnership.

body, hair & face care
